BRICS+

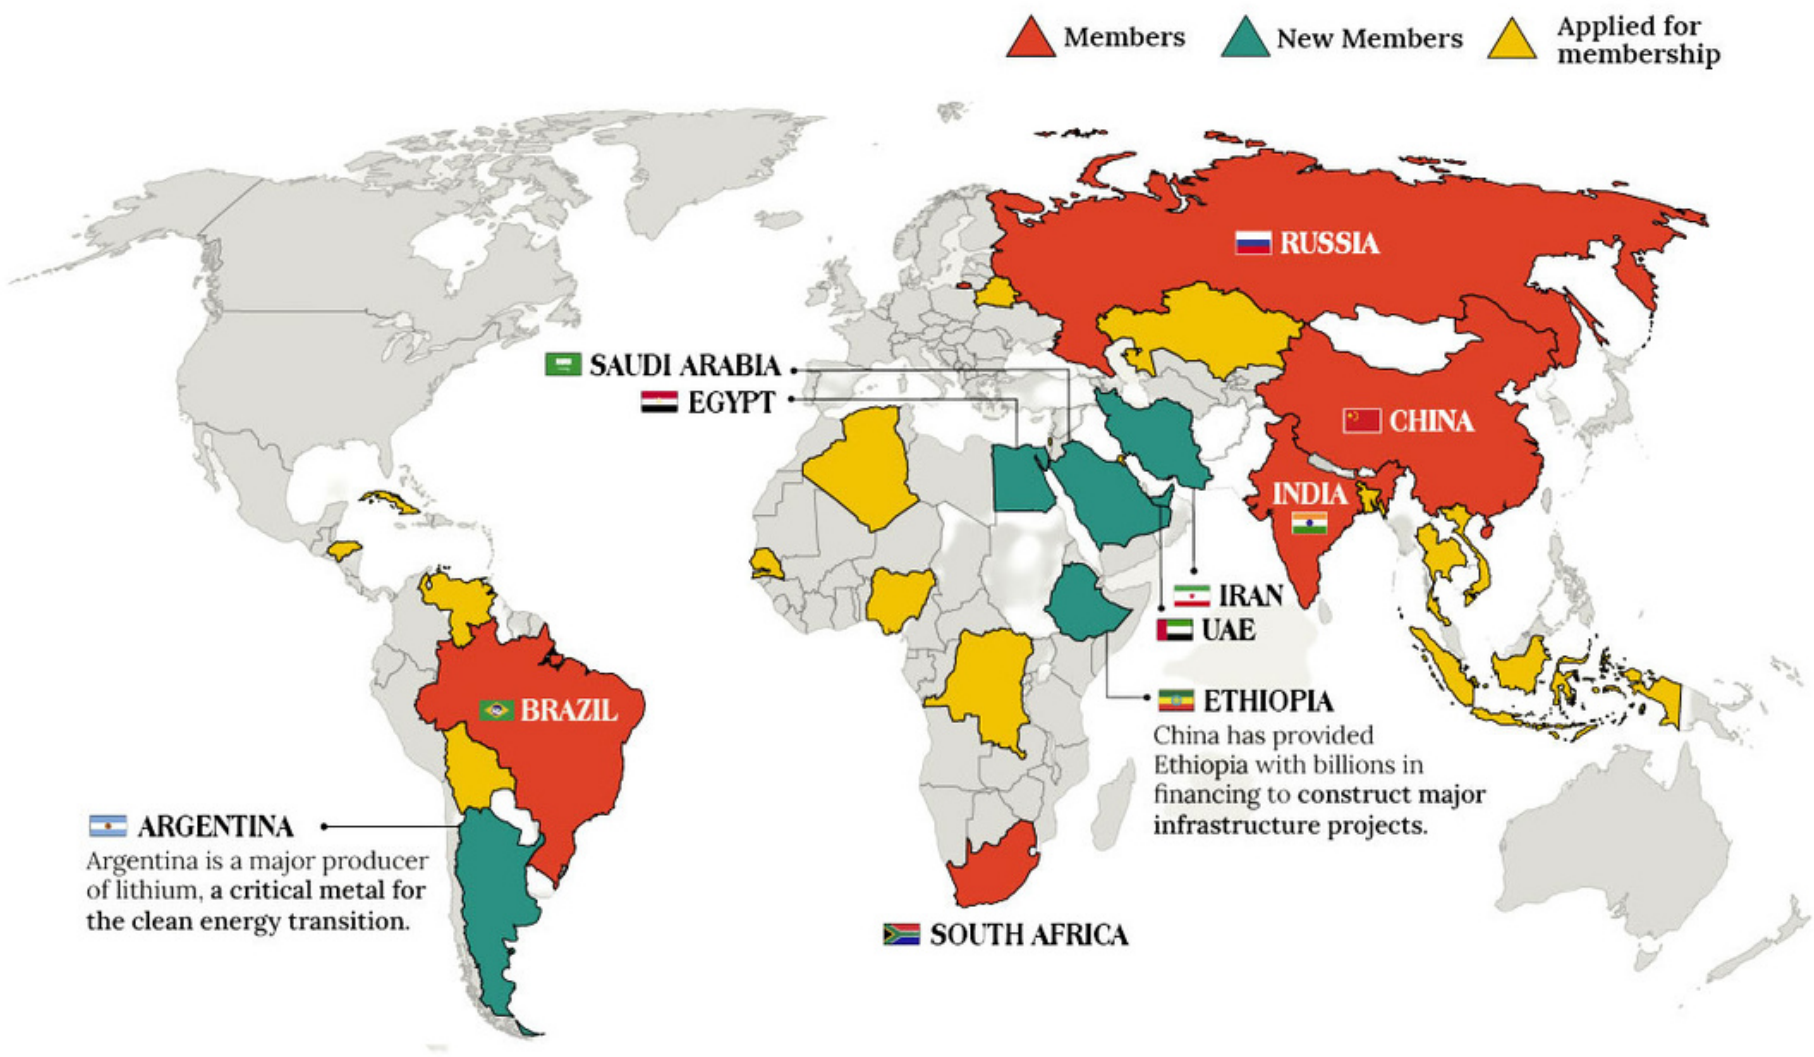

A GLOBAL POWER

BRICS is a testament to the potential of cooperation among emerging economies.

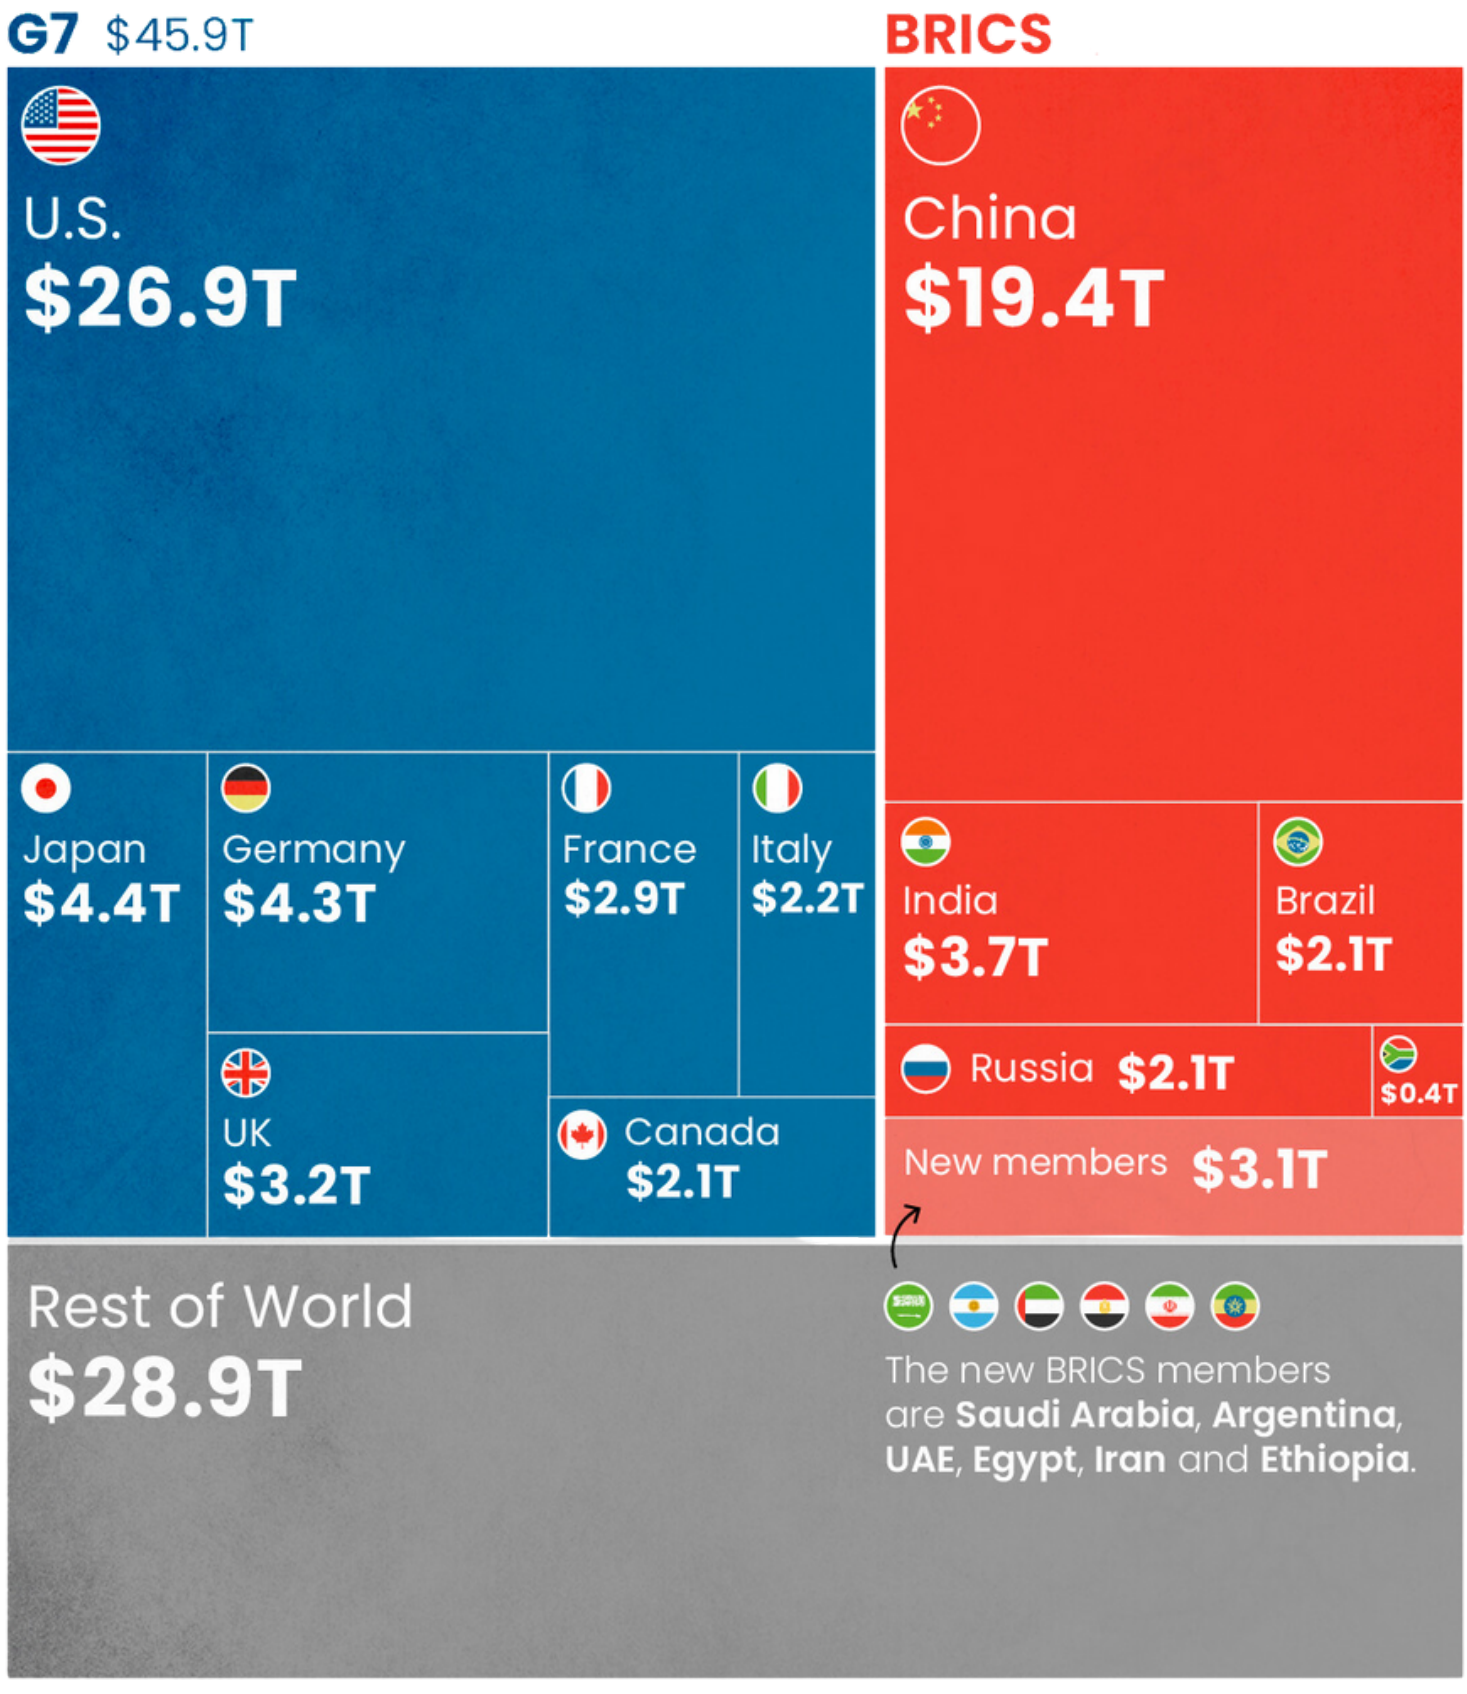

As it matures, it will likely have an even more substantial impact on the global economy, politics, and society. The alliance showcases the power of diversity, where countries with different histories, cultures, and priorities come together to pursue common goals. BRICS has already made its mark, and its journey towards unlocking its full potential has only just begun.

United Arab Emirates, **Saudi Arabia**, **Egypt**, **Ethiopia**, **Iran**, and the **Argentina**. We're thrilled to share that full membership for these nations is set to officially commence on January 1, 2024.

BRICSHUB

OUR GOALS

FACILITATING TRADE EXCELLENCE

We aim to facilitate and promote trade among BRICS and partner countries by providing a conducive environment for businesses, governments, and entrepreneurs to explore new opportunities, exchange ideas, and establish mutually beneficial partnerships.

CULTIVATING INTERSECTORAL COLLABORATION

BRICS Hub seeks to bridge sectors and industries by fostering collaboration and knowledge-sharing among diverse stakeholders. We believe that innovative solutions and progress arise from cross-sectoral dialogue and cooperation.

EMPOWERING TECHNOLOGICAL ADVANCEMENTS

Our goal is to facilitate the exchange of cutting-edge technologies, research, and best practices to drive economic growth, enhance competitiveness, and address global challenges in an increasingly digital and interconnected world.

ADVANCING SUSTAINABLE PRACTICES

BRICS Hub is committed to sustainable development principles. We encourage environmentally responsible practices and work towards a greener, more sustainable future for the benefit of current and future generations.

ENHANCING GLOBAL INFLUENCE

BRICS Hub aims to elevate the global influence of BRICS and partner countries by fostering cooperation on regional and global challenges. We work towards strengthening the collective voice of our member nations on international platforms.
